## Spectrum – The Culture Fest 2022-23

Vivid hues, splash of colours, rhythm of drum beats was the electrifying ambiance at the School. The Fest was inaugurated by the Principal, Ms. Supriti Chauhan and it was indeed a remarkable representation of India's heritage and unique diversity of Indian traditions as our young students charmed one and all with a brilliant array of soulful music, together with foot tapping dance performances and power packed anchoring, beautifully intertwined by extraordinary theatrics of the parade. The multi-cuisine food stalls, exquisite handlooms, handicrafts made an eye catching display for all to indulge. The esteemed guest and parents lauded the efforts of the School for setting new benchmarks of perfection, grace, and grandeur.

## Hindi Activity

### सोच अपनी-अपनी: खुशहाल गाँव तो समृद्ध शहर

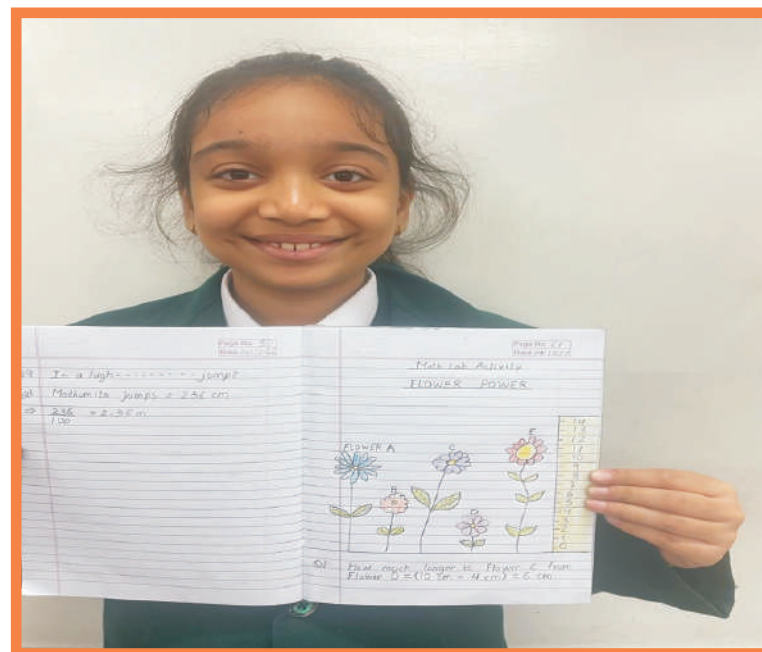

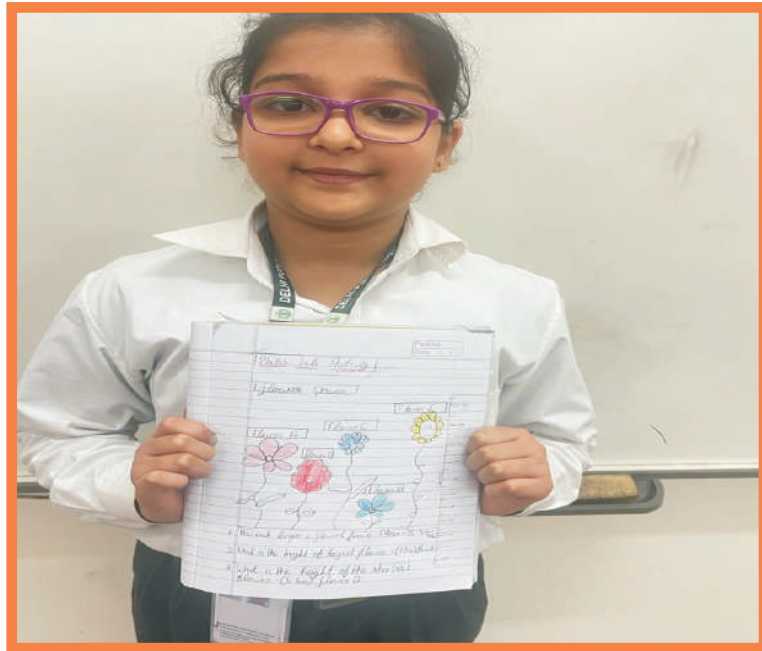

गाँव और शहर दोनों ही भारत के विकास के अभिन्न अंग हैं लेकिन दोनों की जीवनशैली में असमानता होने के कारण दोनों के सकारात्मक और नकारात्मक पहलू भी हैं।

ग्रामीण जीवन शहरों की अपेक्षा शांतिपूर्ण है वहीं शहरी जीवन व्यस्तता एवं भारी तनाव से भरा हुआ है। शहर में आधारभूत सुविधाएँ जैसे बिजली, विद्यालय, स्वास्थ्य सेवाएँ एवं कारखाने व रोजगार के अवसर हैं तो ग्रामीण जीवन में इन सबका बेहद अभाव। अतः डी.पी.एस. जी.बी.एन. के कक्षा पाँचवीं के बच्चों को दोनों जीवनशैली से अवगत कराने के उपरांत उन्हें दोनों जीवनशैली के बीच का अंतर सचित्र दर्शाने व अपने रुचिकर जीवन के बारे में विचार प्रकट करने हेतु एक गतिविधि का आयोजन किया गया जिसमें बच्चों ने बेहतरीन विचारों को सचित्र प्रस्तुत किया। इस गतिविधि के द्वारा बच्चों ने हिंदी भाषा को कला के साथ एकीकृत करने का प्रयास किया है।

## Maths Activity

Mathematics is an important part of learning for children in their early years as it helps in improving their knowledge on the subject and is an integral part of life skills. Keeping the same notion in mind, an intriguing 'Flower Power Activity' was conducted for the students of Grade 4, wherein they drew flowers and compared their height as per the measurement mentioned on the scale. This activity not only honed their logical reasoning skills but also helped them retain the concept of measurement better. Children had fun colouring and beautifying their flowers. They participated in this activity with full zeal and enthusiasm.

## Class Extravaganza

***"The best way to pay for a lovely moment is to enjoy it." – Richard Bach***

Experience is the purest source of knowledge. Keeping this in mind various activities were conducted for the students of Grades 3-5, focusing on developing listening, speaking, and fine motor skills of our young learners. While in some activities our Students made colorful posters, crafts and Thank you cards, in others, our environment conscious youngsters spoke a few lines on the importance of 'Saving our Planet Earth'. Focusing on cooking as an important life skills, our young Master Chefs indulged in Non-fire cooking which further honed their culinary skills . These activities offered an opportunity for play, learning, creative expression, and above all, quality time spent with their peers.

## Orientation Ceremony

As DPS, GBN welcomed the parents to the Orientation Ceremony 2023-24 on March 16, 2023 at the School's Tagore Auditorium. This exclusively curated event, strengthened the partnership of a shared vision and mission of enhancing students' learning experiences. The School's principal, Ms. Supriti Chauhan familiarized the parents with the functioning of the School and encouraged them to become educators in collaboration with the Teachers, for the holistic development of the Students. A virtual School Tour showcased the vibrant and engaging teaching - learning environment and apprised them of the Schools culture, ethos and spirit. The essence of the Orientation Ceremony warmed the hearts of the new Parents as they joyfully looked forward to a lifetime of association with DPS, GBN.
