Spectrum-The Culture Fest

"Celebrate what you've accomplished and raise the bar a little higher each time you succeed." -Mia Hamm

DPS, GBN organized the most awaited event of the year, 'Spectrum- The Cultural Fest' on Sunday, February 5, 2023 amidst immense splendour, fervour, and resplendence. The programme gave immense opportunities to our tiny tots to enhance their talent on a grand level as many captivating performances and activities were planned for all. The little stars of the primary wing decked up in extravagant costumes, twirled around and rocked the stage with their outstanding performances. The occasion provided a platform to celebrate and applaud each child's triumph, refuel their enthusiasm and keep them motivated for their future endeavours. Every single moment of the event was memorable for all the students, teachers and parents. Surely, it was a spectacular event.

Visit to Veggie Garden

"Your diet is a bank account. Good food choices are good investments."

-Bethenny Frankel

Vegetables work as magic to keep us healthy and happy. The School sincerely wishes in keeping the children healthy, wealthy, and wise. On Thursday, February 9, 2023, a visit to the vegetable garden was planned for our little toddlers of Day Care in order to instill the habit of eating vegetables regularly. Keeping in mind the enormous health benefits of eating vegetables, the students were shown varieties of vegetables grown in the school's veggie garden. They were enthralled by the sight of the vegetables growing in the garden and happily started sharing the names of their favourite vegetables with their peers and teachers. It was a fruitful day for the young learners as they learnt to identify the colour and the name of different vegetables. The recreational visit brought beautiful smiles to their lovely faces.

Valentine's Day

"Love planted a rose, and the world turned sweet." -Katharine Lee Bates

Valentine's Day is an occasion of love and affection, and it is celebrated worldwide with great enthusiasm. The children of Grade Nursery celebrated this day with great zeal by creating handmade cards for their parents on Tuesday, February 14, 2023. The children enjoyed the process of cutting, gluing, and decorating their cards with hearts and flowers. This activity allowed the children to be creative and express their emotions towards their parents. It taught them the importance of expressing love and gratitude towards their loved ones, not just on Valentine's Day, but every day. The children were thrilled to present their cards to their parents and see their faces lit up with joy and happiness.

Our Universe

***"Children learn as they play. Most importantly, in play, children learn how to learn."* -O. Fred Donaldson**

The thirst for knowledge is what drives the development and progress of every child. To discover the intriguing facts about the Universe and to quench the curiosity of our young explorers, an interactive session was conducted on Wednesday, February 22, 2023. A miniature model of the Earth and a torch light were used to display the movement of the Earth that causes rotation and revolution. To reflect their understanding of the motion of the Earth, children drew some beautiful illustrations. It was an exceptionally peaceful and reflective experience for the children, where they were encouraged to observe the facts about our Universe and in the process expand their learning.

Poetic Tooth

"Poetry is when an emotion has found it's thought and the thought has found words." - Robert Frost

Recitation activities help students to build confidence as the students learn to speak more accurately and with proper modulation. Keeping the same in mind, English Rhyme Recitation Competition was organized for the children of Day Care and Nursery on Monday, February 20, 2023 on the theme 'Nurture the Nature'. The children enjoyed participating in the competition, and they recited their rhymes with enthusiasm and confidence. The children astonished everyone with their voice modulation and amazing presentation. This activity not only allowed the children to showcase their speaking skills, but also taught them about the importance of taking care of the environment and preserving nature. Overall, the English recitation competition was an excellent learning experience for the children as it helped to instill a sense of responsibility and care for the environment in their young minds.

Ride on the Bus

"Outings are so much more fun when we can savour them through the children's eyes." – Lawana Blackwell

Wheels on the bus go round and round, round and round...

Starting from an early age the toddlers are introduced to toy cars and buses, which always amazes them. These colourful vehicles have always been fascinating for the children. Keeping the same in mind, DPS, GBN conducted a Bus Ride activity for our little Day Care champions on Friday, February 17, 2023 as an introduction to the concept of transportation. The children were taken on a school bus tour while they learned about various modes of transportation. They sang rhymes and learned about the red, yellow, and green traffic lights as they passed by these lights on the crossroad. Following their enjoyable ride, they happily doodled on pictures of various forms of transportation and created a traffic light craft, that they took home. The children were excited and learned a lot through this joyful ride.

Orientation Day

As DPS, GBN welcomed the parents to the Orientation Ceremony 2023-24 on Thursday, March 16, 2023, this exclusively curated event, strengthened the partnership of a shared vision and mission of enhancing student learning experiences. The school's principal, Ms. Supriti Chauhan familiarized the parents with the functioning of the school and encouraged them to become educators in collaboration with the teachers, for the holistic development of the students. A Virtual School Tour showcased the vibrant and engaging teaching-learning environment and apprised them of the school's culture, ethos and spirit. As the School Band - Crescendo strung into the hearts of the audience with their cosmic tunes, the graceful and elegant Bihu dance charmed one and all, while the soulful rendition of the School Choir mesmerized the parents. The essence of the Orientation Ceremony warmed the hearts of the new Parents as they joyfully looked forward to a lifetime of association with DPS, GBN.

Holi Celebration

"A day full of colours! A day full of excitement! A day full of wishes! Yes, it's Holi!"

The most colourful and vibrant festival, Holi, was celebrated with a splash of colours by the tiny tots of Pre - Primary Wing on Friday, March 03, 2023. The ambiance added to the festive spirit of warmth and joy, where children sprinkled vibrant colours and flowers on each other. The students were decked up in white attire and relished their favourite party food. There was laughter, joy and merriment in the air. The celebration ended on a note of high spirit and energy with a riveting dance by our little ones on fun filled Holi songs.

Celebrating a Milestone

"Celebrate new beginning with warm memories of the past and big dreams for the future." – Anonymous

With a spark in their eyes for a better tomorrow, cheerfulness in their hearts and enthusiasm in their spirits to shine, the little stars of Grade Prep of DPS, GBN celebrated a milestone on Wednesday, March 15, 2023. The last day of the session was full of excitement for them as they were all given certificates and they celebrated the new beginning of their school journey with their friends, and enjoyed the garden party. They made some unforgettable memories on this wonderful, 'Graduation Day' and excitedly took their first step towards a tomorrow filled with new hopes and possibilities. It was indeed a joyous and memorable day for our little ones.

Bidding Farewell

"The most emotional part is to bid goodbye but a beautiful fact is that every ending leads to a new beginning." -Anonymous

DPS, GBN always goes an extra mile to ensure their students' happiness and emotions. Keeping the same in mind, we hosted a class party on Wednesday, March 15, 2023, for the pre-primary children. The children dressed up in their finest party clothes and enjoyed playing a variety of fun games. They danced, ate delicious food, and enjoyed a lovely picnic under the bright blue sky. The last day was bittersweet, filled with emotions as it was difficult to say goodbye to the little ones. However, the day ended with fond memories, laughter, and good luck wishes from their teachers. All the best to our little learners!
