SNIPPETS

Achievers' Gallery

Competitions are not always about winning or losing, but more about learning. It is rightly said 'No Competition, No Progress'. To inculcate the habit of facing any competition, UBUNTU, an Inter School Competition was organized by Mayoor School on 11th November, 2022, where our Little Champions competed with enthusiasm, dedication and confidence. Dia Bahl of Daycare won First Prize in the event 'A Platoon of Cartoons' and Urvija Tomar of Nursery Lily and Md. Hamza Ansari of Nursery Daffodils won Second Prize in the event 'A Big Applause for Paws and Claws'. Kudos to our Young Achievers!

Children's Day

"Children are like buds in a garden and should be carefully nurtured, as they are the future of the nation and the citizens of tomorrow." - Jawaharlal Nehru

Childhood is a blessing and the most fun filled phase of our life. The Young Learners of the Pre-Primary wing celebrated Children's Day on 14th November, 2022. The Day commemorated with immense joy and enthusiasm, it started with the Special Assembly, which was presented by the Students with an endearing tribute to Pandit Jawaharlal Nehru and his life. The Students came dressed in vibrant outfits and relished their favourite food. Students enjoyed an array of activities, played many games and enjoyed a Class Party with their friends and teachers. The entire day was dedicated to the little Stars of the Pre-Primary wing who celebrated this gala event with great fervour and merriment.

Community Helpers

Scholastic and Co-scholastic activities have equal importance in School's programmes for the all-round development of Young Learners. With an aim to make Dipsites familiar with our Community Helpers, a Special Week was organized for the Students of Nursery from 21st – 25th November, 2022. The activities helped our Children to know more about helpers' role in different jobs in Public Places. During the entire week, various visits were planned and Students were taken to places like the Garden, School Tour and Hospita etc. I to get hands-on experience. Many Helpers were invited to the wing to teach our Young Enthusiasts about different Community Helpers like Doctor, Electrician, Plumber, Tailor, Soldier, Baker etc. Children were elated to see the different uniforms and people from various fields. The Activity helped in instilling respect for all professions and to value them better.

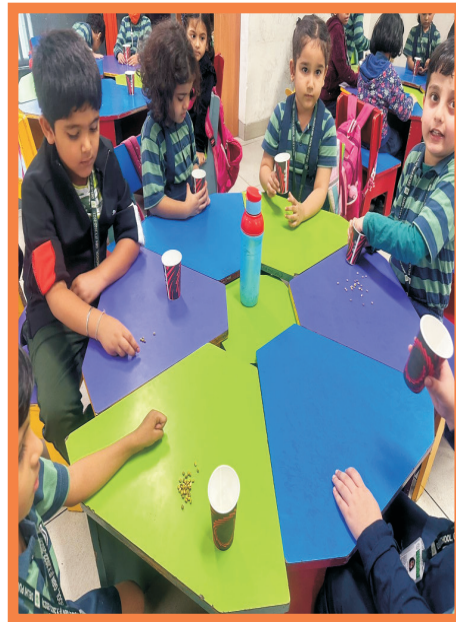

Germination Activity

"When we plant a tree, we plant the seeds of peace and seeds of hope."

-Wangari Maathai

To rejuvenate and revive the spirit of saving plants, 'Germination of Seed Activity' was conducted by Grade Prep on 2nd November, 2022. The Activity provided the Children with hands-on experience as they sowed seeds in the pot all by themselves and took good care of their plants by providing all the necessary environmental needs for it to grow well. The importance of Plants in our lives and its various parts were explained to the Students in the most fun and interesting way. Their happiness was at its peak when they saw a little plant coming out from the seeds. The remarkable Seed-Growing Activity turned out wonderfully well, and the Young Scholars loved checking the progress of their plants each day.

Guru Nanak Jayanti

"Only the good deeds which you have done shall remain with you, o my soul. This opportunity shall not come again!"

Guru Nanak Dev Ji, Sri Guru Granth

Guru Nanak Jayanti, a celebration of peace, spirituality and purification was held with great fervour on 7th November, 2022 to observe the 355th birth anniversary of Guru Nanak Dev Ji. The Celebration commenced with the Morning Prayer. The Students dressed up in traditional attire along with a head Scarf filled the School's atmosphere with positivity. The memorable and joyous day culminated with the Bhog Ceremony, wherein the Children relished delicious 'Kada Prashad' prepared by our very own enthusiastic mothers. The Celebration helped the Students to learn the customs and they took part in the grand celebration with great zeal and enthusiasm.

Puppet Show

The joy of watching Puppets dancing and performing is always a great fun learning experience for our Children. The Students of Pre-Primary experienced the same joy and happiness while watching the Puppet Show organized for them on 4th November, 2022. Fascinating Puppets made the children dance, sing, and jump in excitement during the show. Children were wonderstruck to see the Puppetry artist's intricate skills of coordination and balancing. The Puppet Show not only entertained the little hearts but also enhanced the attention and increased their motivation. The whole show was undoubtedly a visual treat for all.

Pyjama Party

A fun-filled party always creates lasting and cherished memories. To make our Young Learners dance with joy, and exhilaration, a 'Pyjama Party' was organized on 11th November, 2022 as the enforcement of the letter 'P'. Little Champs came dressed in their favourite pyjamas and brought varieties of mouth watering food starting with the letter 'P' like Popcorn, Pasta, Pineapple, Peanuts etc. All the Students enjoyed sharing their food and the atmosphere was made comfortable for the children to give them a homely yet party feel. The Party was an amalgamation of various exciting and joyful activities like Pizza Craft, Dancing, Playing Passing the Parcel and listening to the stories. All the Little Ones enjoyed their day and ended their party with priceless smiles and joy on their faces.

Show and Tell

The ability to accurately identify shapes is a foundational Mathematical skill. The World is full of shapes, and learning how shapes are different helps toddlers differentiate between objects. A 'Show & Tell Activity' on shapes was conducted on 9th November, 2022, for the little Dipsites, which helped them to strengthen their Linguistic skills, Listening skills and Self-confidence. It enabled them to improve their descriptive skill too by communicating feelings, thoughts and emotions with words. The Children were assigned a shape and were asked to bring an associated object. They brought props like Cars, Kites, Fruits, Vegetables and many other things, and described the objects confidently and cheerfully. A fun game was also planned where they picked up shapes hidden in a salt box. It was a spectacular learning experience for the Students.

Water Experiments

"If there is magic on this planet, it is contained in water." - Loren Eiseley

Water sustains life. As children grow and comprehend the World around them, it is important for them to learn that how Water is vital for our Environment. The Students of Grade Prep conducted Water experiments on 15th November, 2022. Children witnessed the Water Cycle activity through a live experiment wherein they understood concepts like Evaporation, Condensation etc. Our Young Learners showed great curiosity to learn about water. Another fun activity was conducted for the Children wherein they used lemonade to understand the properties of water and in the process understood that Water is tasteless and colourless. It was an enriching experience for the Students.
