Work Education- Crunchy Club

"No one is born a great cook, one learns by doing." - Julia Child

Non-Fire Cooking has always been children's favourite activity which not only teaches them new recipes but also some valuable life skills. October is the month of festivities and what's a better way to enjoy our Work Education experience themed 'Crunchy Club', than by trying our hands on some lip-smacking delicacies! The Month brought a lot of excitement and fun from the first week itself. Children made Marconi salad using fresh vegetables to make a delicious yet nutritional meal, followed by Crunchy Papdi Chaat where they savoured their taste buds by indulging themselves in the bursting flavours of a famous chaat. The learners of Grades I and II participated with full enthusiasm and improvised their culinary skills.

Dussehra Assembly

May this Dussehra, light up for you, the hopes of happy times, and dreams for a year full of smiles.

The Students of Grade II emphasized the significance of celebrating Dussehra by conducting a Special Assembly on 29th September, 2022. The Assembly highlighted the victory of good over evil and dharma over adharma through a musical skit by the Students. It started with the National Anthem followed by Students narrating the story and importance of this festival. The skit beautifully explained the history of Lord Rama, his journey and his victory over Ravana. It was followed by a mesmerizing and foot-tapping Dance performance on the song 'Ram Ji Ki Nikali Sawari'. Students donned wonderful costumes and danced with great enthusiasm. It concluded with a virtuous message given by our Primary Coordinator, Ms. Shikha Rathi, which left everyone filled with joy and happiness. All the Students performed confidently and enjoyed the event with great fervour.

Diwali Celebration

Happiness is in the air, it's Diwali everywhere.

There's nothing more joyful and mesmerizing than celebrating Indian festivities. Although we have numerous occasions to celebrate, Diwali will always be one of the most cherished one. From lighting diyas and decorating our homes and neighbourhood to enjoying scrumptious meals, Diwali is all about merriment. The same wave of contentment was witnessed among the Students of Grades I and II on 20th and 21st October, 2022, where they indulged themselves in Creative activities. Our Young Enthusiasts made exquisite Diyas and Wall-Hangings which were later gifted to the housekeeping staff. The next day, Students dressed up in vibrant ethnic attires, danced and enjoyed delicious food items. Cheerful faces were captured while they were having fun with their peers and teachers.

Hindi/Sanskrit Udbhav Week

To emphasize the importance of Hindi and Sanskrit languages, Hindi-Sanskrit Udbhav Week was celebrated by the Scholars of Grades I and II from 17th - 19th October, 2022. The super-excited scholars took everyone's heart away with their performances during a plethora of activities organized for the celebration. The Young Learners mesmerized everyone with their Hindi Speaking Skills while pouring their hearts out during the activity 'Meri Kahaani Meri Zubaani'. The Children were super confident in speaking and presenting themselves. They spoke eloquently about Water, Sun, books etc. They also learnt and recited a few poems by famous poets. The Celebration reinforced the importance of our Indian languages and the activities were enjoyed by all.

The Art Expedition

Competition plays an important role in motivating students to participate, learn and enjoy. Keeping the same ethos in mind, 'All India Swachh Bharat Art Competition' was organized by National Education and Human Resource Development and a Painting Competition by Hindustan Times in the school premises. Children got an opportunity to take part in different categories like Colouring, Handwriting, Picture Collage and many more. Children beautifully painted their imagination on paper and came up with some interesting and remarkable masterpieces. It was a delight to see our Young Artists showcasing their artistic talent with full enthusiasm. The Events were successful as it gave an opportunity to the children to exhibit their talent.

Achievers' Gallery

"Success is not the key to happiness. Happiness is the key to success. If you love what you are doing, you will be successful." – Herman Cain

It is rightly said, 'Success comes to those who work diligently for it'. Our little Mathematician, Adhrit Chatterjee of Grade II made us all proud by setting a perfect example and proving his mettle in a unique Mathematical Online Competition, 'Live Maths Competitions and Leagues' by securing 'World Rank 13' and 'Country Rank 1' in the Challenger category. Live Maths Competition and League is a unique Online Mathematics Examination, which helps children develop an interest in Mental Maths by practising their Arithmetic Skills in a gamified Maths environment. Kudos to our Young Achiever!
