Message

Dear Students, Parents and Staff
Greetings!

It is my pleasure to welcome you all to our School Newsletter for the month of April 2023. As we move further into the New Academic Year, I am proud to say that our School community continues to thrive and grow.

I want to take this opportunity to commend our Students for their hard work and dedication towards their studies. Despite the challenges, our Students have remained resilient and committed to their education, and for that, they deserve our utmost respect and admiration.

I also want to extend my gratitude to our Teachers and Staff who have worked tirelessly to provide our Students with a safe and nurturing learning environment. Their dedication and commitment to our Students' success are truly commendable.

As we move into the beginning of the academic year, I encourage all of our Students to remain focused and dedicated to their studies. Let us continue to work together to create a community that fosters learning, growth, and mutual respect.

Thank you for your continued support, and I look forward to seeing all the great things our Students, Staff and School community will achieve in the coming months.

Sincerely

Supriti Chauhan

**Principal
DPS, GBN**

Welcome Tiny Tots

"Learning gives you creativity, Creativity leads to thinking, Thinking provides knowledge, Knowledge makes you great."
- A.P.J Abdul Kalam

"A goal without a plan is just a wish", by this beautiful thought, teachers welcomed the shining stars of DPS, GBN to the new academic session. The day was commemorated with the special Welcome Assembly, presented by the teachers and students of Pre-primary wing on April 10, 2023, along with the role play on the story 'The Rainbow Fish' which emphasized the importance of 'Sharing is Caring'. With their cheerful smiles, they shared the aroma of sounds, music, and dance among their peers. Our magnificent singers melodiously sang the National Anthem, Prayer and gracefully performed on the beats of 'Welcome Song'. The performers were recognized and commended for their remarkable effort.

Colour, Colour, Everywhere

"Colours are the smiles of nature." - James Henry Leigh Hunt

Can we imagine a world without colours? Not at all! Nature itself has many colours to offer, which makes the world look picturesque. To introduce our young Dipsites about the mesmerizing world of colours, DPS, GBN celebrated Red Colour Day on April 19, 2023, for the learners of Grades Pre-nursery and Nursery. Our tiny tots looked alluring in their red-coloured outfits. One could see the spark in their eyes as they saw many red objects around them. They were also thrilled to make a Tomato Craft and prepared their own Rooh-Afza drink by stirring it in cold water and relished the taste of a refreshing drink. The active participation of the learners in all the activities helped in reinforcing their Fine Motor and Cognitive Skills. Overall, it was a wonderful day that left our kids' faces beaming with happiness, joy, and love.

Eid Mubarak

***"The believer is not the one who eats his fill while his neighbour is hungry".
-Prophet Muhammad***

The festival of Ramadan came alive at DPS, GBN on April 20, 2023, when cute little munchkins of Pre-primary wing sparkled in their traditional outfits and were eager to celebrate Eid with their friends. The significance of this grand festival was explained to the children by their mentors. As a festival cannot be commemorated without creativity, our young learners enthusiastically participated in decorating the Eid Craft under the guidance of their teachers. Their eyes were glittering with joy as they displayed their creative skills with their tiny hands. Any celebration remains incomplete without the pinch of dance, so the children as well as the teachers brought the celebration to an end by grooving on some famous Eid songs. It was indeed a wonderful day for the children and teachers.

Nurture the Nature

"When we heal the Earth, we heal ourselves." - David Orr

Earth Day is celebrated all over the world as a reminder to take care of the beautiful gift that God has given us in the form of planet Earth. To make our toddlers aware about the importance of our Mother Earth, Pre-primary wing celebrated Earth Day on April 20, 2023. The little ones of Grade Pre-Nursery did Sowing the Seed activity to support the nature whereas Grade Nursery made beautiful Headgears and sang a song to convey the message to curb, control and limit the use of plastic. Hand print Activity on recycled bags was done by Grade Prep along with an inspiring Earth Day slogan enchanted by everyone. The role play presented by the teachers about the pain and suffering of trees being cut down had such a powerful impact on everyone who witnessed it. The overall celebration concluded with the message that each one of us has the power that can make a difference to save our mother Earth.

Yellow Sunshine!

Colour recognition is a key cognitive development step for toddlers as it plays an important role in object recognition and is a vital part in helping children to develop their descriptive language skills. To strengthen and reinforce the effects of yellow colour Grade Nursery celebrated 'Yellow Day' on April 27, 2023. Cheerful children were dressed up in different hues and tints of yellow. The day commemorated with a special Assembly followed by 'Lemon & Spoon Race'. Lemonade corner was set up to make the learning of the concept in a play way method. An entire day was dedicated to the little stars of Nursery who celebrated the Yellow Day with great fervour and happiness.
